MOULTON LIBRARY

CASE STUDY

thedesignconcept  BCI  Eurobib
direct

Moulton Library demanded a space that was **bright, colourful and vibrant** whilst catering to the requirements of children under 5 to the elderly and dementia sufferers.

The design concept grabbed the chance to have fun with colour and supplied modular furniture along with comfortable seating to give the library a modern feel.

Ratio shelving creates a contemporary feel, complements the furniture used throughout the space and allows for flexibility to meet the demands of the library's day to day events and activities.

“It’s fun, functional and fabulous”

Don’t take our word for it ...

“Following a procurement process, we were delighted to be able to appoint library designers, The Design Concept, to bring our vision to reality. Their design won hands down with the public – it’s bright and airy and as one recent visitor told us - ‘It’s fun, functional and fabulous!’”

Anne Lovely
Strategic Manager
Northamptonshire Libraries and Information Service

The Children's Area is full of **colourful, exciting furniture** to keep the young ones' attention within the space. All furniture is durable and hardwearing to ensure easy cleaning and maintenance. Lightweight browsers and working table, both on castors which allows **for flexibility to create different arrangements** when needed.
